Welcome to

PLAYERS KENO

We would like to welcome you to Players Keno, the new home of live Papillion Keno. We are committed to offering all guests the most enjoyable place to sit back, relax, and have a great time playing your favorite game. If you have any questions regarding how to play keno or anything else, simply ask one of our friendly staff for assistance. Thank you for selecting us and we hope to see you again very soon.

HOW TO PLAY

Keno is a game where 20 numbers, ranging from 1 to 80, are selected each game. You must select 1 to 15 numbers per game. The numbers you select should be marked down on a bet slip, along with the amount you wish to wager and the amount of games you wish to play. The amount per wager can range from the minimum level required up to a maximum of \$100 per game. After your bet is placed, you will receive a computer generated ticket. Please check your tickets for accuracy before the game has started. After the numbers are drawn, if you have a winning ticket, return it to the keno writer for payment. If you have any questions feel free to ask any of our friendly staff for assistance. Good Luck and have a great time!
